Eligibility All dogs nine months of age or older are eligible to participate in Herding Trials and JHD. Dogs classified as Herding Dogs in AHBA are eligible for Herding Test HCT and may participate at six months of age or older. No dog may be entered in two classes on the same course with the same kind of stock under the same judge at any test/trial. Bitches in season shall run in drawn running order without adjustment.

READ BEFORE SIGNING In consideration for participating in an event sanctioned by the American Herding Breed Association (AHBA), I agree to assume all responsibility for any claim, loss or damage, of whatever kind or nature, whether to person or property, which may be caused at or near this event, either directly or indirectly, by me or the dog or dogs I have entered in or brought to this event. I further agree that I will hold the AHBA, RottiEwe Farm, Don and Tracy Parciak, its officers, directors, agents and members harmless and defend them from any and all liability for any injury, claim, damage or loss, of whatever kind or nature, whether to person or property, caused at or near this event, whether directly or indirectly, by me or any dog I have entered in or brought to this event. I agree to indemnify the AHBA, RottiEwe Farm, Don or Tracy Parciak, its officers, directors, agents or members for any loss, cost or expense including attorney's fees and costs, to which the AHBA, RottiEwe Farm, Don or Tracy Parciak, its officers, directors, agents or members might be subject as a result of any claim, suit, loss or damage caused in any way by any act or negligence on my part or on the part of any dog or dogs I have entered in or brought to this event. I acknowledge that while the AHBA may provide sanctioning for this event with regard to the issuing of titles, it does not have and does not exercise control over the conduct of the event or those present.

I (we) will pay for injuries or replacement value \$1200 or Market value for Cattle, whichever is greater, (\$300.00) for sheep (\$25.00 per head) ducks in the event of the death of any livestock by my or our dogs. If injury to any stock is caused by my/our dog entered or brought to this event, I we assume full responsibility for any damage. I we agree to pay full market value of the injured animal in case of injury or the veterinary bill for the injury, whichever is agreed to by the livestock owner.

I CERTIFY and represent that the dog or dogs I have entered in or brought to this event is/are not a hazard to other dogs, other animals, or to people. I CERTIFY that I am the actual owner of the dog or that I am the duly authorized agent of the actual owners whose name I have entered. In consideration of the acceptance of this entry, I we agree to abide by the Rules and Regulations of the AHBA in effect at the time of this herding Test or Trial or both, and further agree to be bound by the agreement printed above. The entry is submitted on the foregoing representation and agreement.

HTAD COURSE #2

Ducks

- N
- W + E The designations North, East, etc. are for purposes of description only.
- S The course may be mirrored.

The stock set-out indicated on the diagram relates to courses that begin with a gather. The location of the take pen and/or repen may vary from the location for the repen shown on the diagram, so long as it is at the same end of the arena as shown. The handler's post is located a minimum of 100 ft. from the set-out and 20 ft. from the West fence. The freestanding pen is located halfway between the handler's post and the South fence, 20 ft. from the West fence. (A trailer or a free-standing chute may be substituted for the pen.) The opening of the Y chute is located approximately halfway down the length of the arena on the East fence, or a minimum of 100 ft. from the area just in front of the gate of the freestanding pen. The Y chute should be no less than 12 feet long and no more than 4 feet wide with an opening of 12 feet. (A bridge may be substituted for the Y chute.) The panel obstacle is located 20 ft. from the West fence and 30 ft. from the North fence, set parallel to the West fence and with a 12 ft. opening. The freestanding pen should be 8-10 ft. on each side for sheep, 10-16 ft. on each side for cattle. The hold area is located approximately in the center of the arena. The area for sorts other than a gate sort is located approximately halfway between the hold area and the repen gate. For poultry, all dimensions are 1/2 that for hoofed stock.

1. Gather or Take pen

Gather: The stock are let out into the arena and allowed to settle, or may be set out in a specific location; the method used is to be consistent for all runs. In HTAD III, the handler remains at the post while the dog is sent from there to gather the stock. In HTAD II, the handler may leave the dog at the handler's post and move to a point approximately halfway between the post and the stock, then send the dog to gather the stock. In HTAD I, the handler may leave the dog at a point approximately halfway between the post and the stock and move to approximately 15 ft. from the stock, then send the dog to gather the stock. At all three levels the stock are brought to and around the handler's post, on the side between the post and the Y chute. The gather ends when the stock have gone just past the handler's post.
