

Premium List At The Farm AHBA Tests/Trials

“For Exhibition Only” runs available

Saturday, October 21, 2023
& Sunday, October 22, 2023

Permission has been granted by the American Herding Breeds Association (AHBA) to hold the Tests and Trial under the AHBA rules and regulations. Open to all dogs of the herding breeds and multi-purpose breeds with herding background, as listed in the AHBA Breeds List. Dogs must be nine months of age or older on or before date of trial to compete.

Classes Offered:

Herding Trial Dog (HTD I, II & III)
Sheep and Ducks

(Level III Sheep – Saturday: Shed, Sunday: Ribbon Pull)

(Level III Ducks – Saturday and Sunday: Shed)

5 head per run

Herding Trial Arena Dog, Course #4 (HTAD I, II & III)
Sheep and Ducks

(Sheep – Saturday: Gather, Sunday: Take Pen)

(Ducks – Saturday and Sunday: Gather)

(Level III Sheep – Saturday: Ribbon Pull, Sunday: Gate Sort)

(Level III Ducks – Saturday and Sunday: Shed)

5 head per run

Herding Ranch Dog (HRD I, II & III) – Sheep Only
5-10 head per run

Junior Herding Dog (JHD) – Sheep Only
3 head per run

Agility At The Farm
8N861 Burlington Rd.
Campton Hills, IL 60140

JUDGES AND JUDGING SCHEDULE

(subject to change)

JUDGES – Saturday: Cheryl Sacerich, Chesterland, OH
Sunday: Nancy Hyser, Rockton, IL

SCHEDULE – Both Days: HTD Sheep (III, II, I), HTD Ducks (III, II, I) HTAD Sheep (III, II, I),
HTAD Ducks (III, II, I), JHD, HRD (III, II, I)

Judging starts both days at 8:00 am. Handlers' Meeting before each class.

Maximum total runs each day: 50

Maximum sheep runs each day: 45

Maximum duck runs each day: 10

ENTRIES AND FEES

FEES: Pre-entry \$45.00 per run. FEO \$40.00. Gate Entries \$50.00

If trial fills, pre-entry compete runs take precedence over FEO runs, regardless of date received.

ENTRIES: Pre-entries close Friday, October 13, 2023.

Gate entries (if room) close ½ hour before each class begins.

Make checks payable to: At The Farm

Mail entry with fee to:

Jacquie Kramer, Secretary,
42W820 Clover Hill Lane,
Elburn, IL 60119

ANY questions on entries, contact Jacquie Kramer: agilityatthefarm@gmail.com or Laura Kincaid: oelamp@aol.com

LIVESTOCK

Sheep: Katahdin cross, Southdown cross, Cheviot; \$200.00 value

Ducks: Blue Swede; \$25 value

Any livestock seriously injured while being worked must be paid for by the participant working stock at that time.

AWARDS

- High In Trial – Rosette, Dog or Herding Related Item
- Reserve High Trial – Rosette, Dog or Herding Related Item
- 1st through 5th Placement Ribbons
- 1st Place, Dog or Herding Related Item
- Qualifying Ribbons

TEST/TRIAL RULES

1. Bitches in season may run at the end of TESTS and at any time in TRIALS.
2. For Exhibition Only (FEO) runs are allowed at this trial, and you may run your dog in a class for which it has already qualified. Sanctioned runs take priority. If your run is out of control, you may be asked to end the run. FEO runs will be held immediately after the competitive runs in each class during the day. No dog running a competitive class may also be entered in an FEO run in the SAME class.
3. A registration/tracking number is required for ALL dogs. If your dog is not registered with another organization (AKC, UKC, ASCA, ABCA, etc.), you must apply for a registration number with AHBA.
4. All dogs must be vaccinated for rabies as required by law, vaccinated for other communicable diseases as recommended by your veterinarian, and parasite free.
5. PICK UP AFTER YOUR DOGS. Poop bags and trash cans are located in multiple locations around the farm.
6. All dogs must be on leash or crated except when working.
7. There is very little shade around the herding fields, but there is some shade around the parking areas. Plan accordingly. Water pools will be provided to cool your dog. (And bring yourself a chair!)
8. Spectators and their dogs should stay back at least 15 feet from the fence around any arena or field where a dog is working. Under no circumstances will dogs be allowed to disturb the resting stock or guardian donkeys nor interfere with another dog's run.

DIRECTIONS TO "AT THE FARM"

From I-90 East or West: Exit IL Rt. 47. Turn south on Rt. 47 and continue for approximately 10 miles. Turn north on Burlington Road (this is a traffic circle – take the first exit off the circle). Go approximately ½ mile north on Burlington Rd and the farm will be on the right.

From I-88 East: Exit IL Rt. 47. Turn north on Rt. 47 and continue for approximately 12 miles. Turn north on Burlington Road (this is a traffic circle, take the third exit off the circle). Go approximately ½ mile north on Burlington Rd and the farm will be on the right.

Phone: (630) 584-7447

HTAD COURSE #4

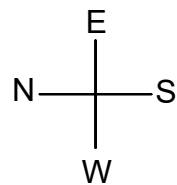

The handler's post is located 20 ft. from the North fence, in the center. The panel obstacle is set 20 ft. from the West side of the arena, at least 110 ft. from the handler's post; the opening is 12 ft. The L-shaped obstacle is located in the Northwest corner of the arena. Both sides of the obstacle are 10 ft. long with an aisle 4 ft. wide. The freestanding pen is located 30 ft. from the East side and approximately one-third of the length of the arena from the North and should be 8-10 ft. on each side for sheep. The hold area is located approximately in the center of the arena. The area for sorts other than a gate sort is located approximately halfway between the hold area and the repen gate. For poultry, all dimensions are $\frac{1}{2}$ that of hooved stock.

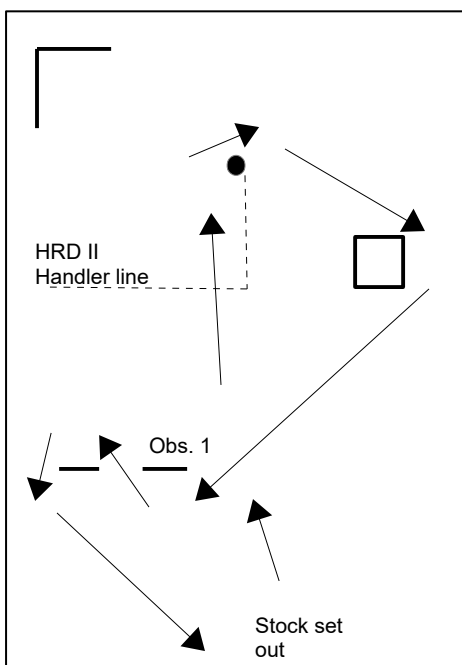

- Gather: The stock are let out at the repen gate and allowed to settle. In HTAD III, the handler remains at the post while the dog is sent from there to gather the stock. In HTAD II, the handler may leave the dog at the handler's post and move to a point approximately halfway between the post and the stock, then send the dog to gather the stock. In HTAD I, the handler may leave the dog at a point approximately halfway between the post and the stock and move to approximately 15 ft. from the stock, then send the dog to gather the stock. At all three levels the stock are brought to and around the handler's post, passing just to the East of the handler's post and then turning toward Obstacle 1. The gather ends when the stock have gone just past the handler's post.
- Drive: The stock are driven to Obstacle 1. HTAD III handlers must stay at handler's post. HTAD II handlers may go to a point halfway to Obstacle 1, then must remain there for the remainder of the drive. HTAD I handlers may accompany the stock up to Obstacle 1. The drive ends when the stock reach a point 10 ft. in front of Obstacle 1.

- Obstacle 1: The stock are moved through the freestanding panels. The handlers remain at the designated locations while the stock are taken through the panels. While HTAD I handlers may go up to the panels, they should not precede the stock through the panels. Once the stock have cleared the obstacle, handlers are free to move. Once the stock have gone through the panels, they are turned toward the West side of the arena, then back toward the North side, toward Obstacle 2. Scoring for this section ends when the stock have been turned toward Obstacle 2 and have moved past the end of Obstacle 1 closest to the West side of the arena.
- Obstacle 2: The stock should enter at the South opening of the obstacle and exit heading East. HTAD III handlers must remain South of the handler's line until the stock have exited. HTAD II handlers remain South of the handler's line until the stock have exited, or may choose to go directly to the entrance of the obstacle and remain in that location until the stock have exited. HTAD I handlers may move anywhere relative to the obstacle but may not enter it. Scoring ends when the animals have exited.
- Obstacle 3: The stock are taken across the arena and put into the freestanding pen. Scoring for the pen ends when the gate is closed.
- Hold: The animals are taken to the hold area. The stock is settled and briefly held in place. There is no required position for handler or dog. The judge signals the end of the hold/settle. HTAD I and II handlers then take the stock to the repen. HTAD III handlers proceed with the sort.
- Sort: The sort is done by HTAD III handlers only. The stock is moved to the designated area, which depends on the type of sort being done. The sort may be one of the following: (a) Gate sort. (b) Ribbon-removal/shed. The sort ends when the gate is closed on the sorted animals, or when the ribbon has been removed/ animals have been shed.
- Repen: The stock are taken to the repen and held a short distance off the gate while it is opened, and then are repenned. When a gate sort has been used, the animals that had been left out in the arena are repenned. The run ends when the repen gate is closed after the last animal has exited the arena.

HRD Course Description

The Herding Ranch Dog course uses Sheep HTAD Field (185'x230'), Field 1 (180'x75'), JHD Field (97'x100'), Small Field (43'x54') and Take Pens A, B, and C (14'x20' & 18'x20'). Time allowed for the course is 13 minutes for HRD I and II and 15 minutes for HRD III. Points will be deducted for rough work at any of the gates or in the pens.

1. Gather (15 points): The stock handlers let five sheep into the HTAD arena where they are allowed to settle. In HRD III, the handler remains at the post while the dog is sent from there to gather the sheep. In HRD II, the handler may leave the dog at the handler's post and move to a point approximately halfway between the post and the sheep, then send the dog to gather the sheep. In HRD I, the handler may leave the dog at a point approximately halfway between the post and the sheep and move to approximately 15 ft. from the sheep, then send the dog to gather the sheep. At all three levels the sheep are brought to and around the handler's post clockwise, passing just to the North of the handler's post and then turning toward the free-standing pen. The gather ends when the sheep have gone just past the handler's post.
2. Drive (15 points): The sheep are driven from Handler's Post 1 clockwise around the freestanding pen then directly to the west side of Obstacle 1. In HRD III, the handler must remain at the Handler's Post. In HRD II, the handler must not cross the Level II Handler's Line. In HRD I, the handler may move with the sheep and dog. Scoring for the drive ends when the sheep are within 10 feet of and on the west side of Obstacle 1.
3. Obstacle 1 (10 points): The sheep are moved thru the panels toward the east, then turned north past the panel, then west to pen A. In HRD III, the handler must remain at the Handler's Post until the sheep have all passed thru the panels. In HRD II, the handler must not cross the Level II Handler's line until all sheep have passed thru the panels. HRD I handlers may not pass thru the panels. Obstacle 1 ends when the sheep are within 10 feet of Pen A.
4. Penwork (15 points) and Sort (HRD III only) (10 points): The sheep are moved a short distance from the gate and held while the Pen A gate is opened. The sheep are moved into Pen A. HRD III and HRD II handlers and dogs follow the sheep into the pen and exit into the alleyway between the take pens, leaving the sheep in Pen A. HRD I handlers may either enter Pen A with their dog or may use the empty pen next to Pen A to move into the alleyway. For HRD III, there will be 5 sheep in Pen B. For HRD II and HRD I, there will be 3 sheep in Pen B.
 - **HRD III handlers** sort 2 marked sheep from Pen B into the Duck HTAD Field. Sort ends when both marked sheep are in the Duck HTAD Field.All level handlers move the 5 sheep from Pen A and the 3 sheep from Pen B into Pen C, then move the sheep into the JHD field. It is up to the handler to determine the best way to combine the sheep into Pen C. Penwork ends when 8 sheep are in the JHD field. (Tiebreaker 2)
5. Obstacle 2 (10 points): The sheep are moved through the center JHD panels and then taken to Gate 1. HRD III handlers must stay at the Pen C gate until the sheep are at the gate. HRD II handlers must stay behind the dog and may not pass the center panels until the sheep are at the gate. HRD I handlers may accompany the sheep to and through the panels. The sheep are moved a short distance from the gate and held while the gate is opened. All 8 sheep are moved into Field 1 and the dog and handler follow the sheep through the gate. Scoring for Obstacle 2 ends when all 10 sheep, the handler and dog are in Field 1 and Gate 1 is closed.
6. Obstacle 3 – Narrow Path (20 points): The sheep are driven from Gate 1 to the narrow path, entering from the northeast side and exiting to the southwest. The sheep should all stay on the

path from beginning to end. Points will be deducted for sheep exiting the path prematurely. The sheep are then turned north, then east and moved to Gate 1. In HRD III, handlers must remain at Gate 1 throughout this obstacle. In HRD II, handlers must stay on along the fence between Field 1 and the JHD & HTAD Duck fields throughout this obstacle. In HRD I, handlers may accompany the sheep to and through the path. (Tiebreaker 1)

7. Reopen (5 points): The sheep taken a short distance from the gate and held while the gate is opened. All sheep are reopened into the JHD Field. Scoring for the reopen ends when Gate 1 is closed.

ENTRY FORM

At The Farm

AHBA Tests/Trials

October 21-22, 2023

Fee enclosed: \$ _____ Pre-entries close Friday, October 13, 2023

Make checks payable to "At The Farm". Mail completed entry form and signed Agreement with fees to Event Secretary Jacquie Kramer, 42W820 Clover Hill Lane, Elburn, IL 60119

Pre-entries are \$45/class. FEO entries \$40/class. Gate entries are \$50/class
